Dewaine B. Craig
Superintendent of Schools

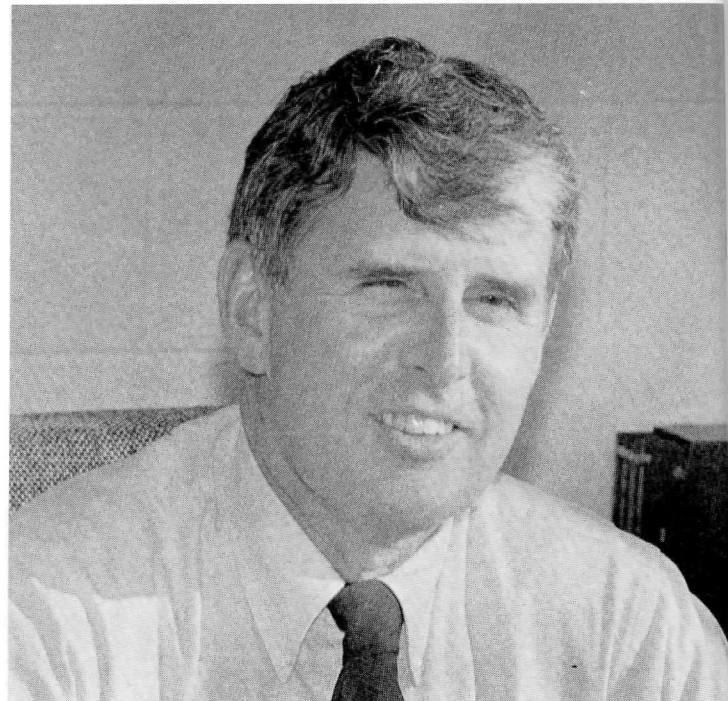

To The Class of 1992:

Many of you are eagerly awaiting that day in June when Davis will present you with your diploma. That day in June will mark not an end, but a new beginning for all of you. Many of you possess the skills that you will need to enter on this new journey, others will need to further refine their skills before they step through the doorway. Where this journey will take you is unclear, the future is uncertain. But, what is very clear is that the world after graduation is very different than the day before graduation. Don't blame others for the potholes and detours in your journey. The choices to be made are yours. The consequences are yours as well. I wish you the very best as you step through the doorway and move on to the rest of your life.

Sincerely yours,

To the class of 1992.

The last four years have provided you with many opportunities to plan and prepare for your future. You have dreamed of what you want to do. Now you are graduating and you will need to carry out your plans to make your dreams come true. I believe that each and every one of you can reach that dream as long as you are willing to make the sacrifices that are necessary to meet that dream. For those of you who have not yet found that dream, it is not too late. Make a commitment and follow your dream. Remember. . . All things are possible.

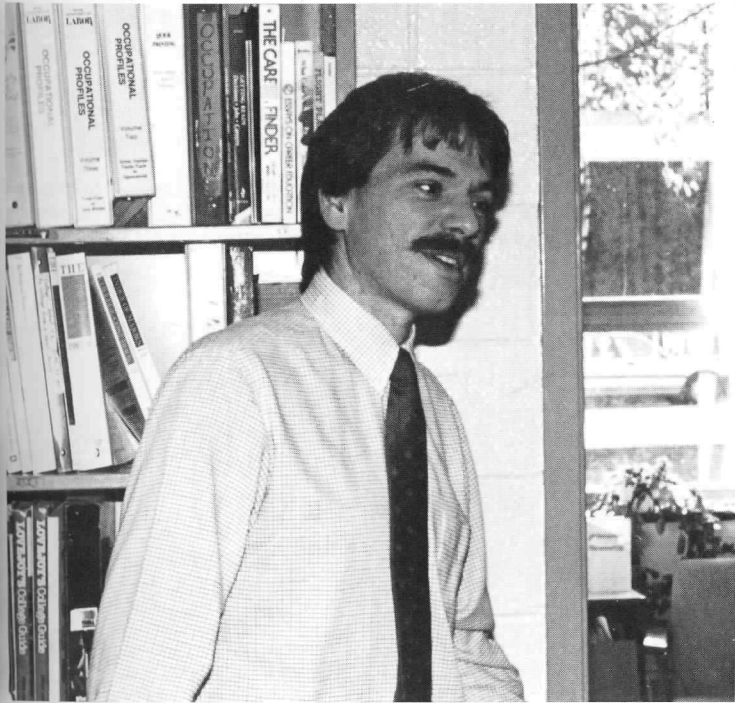

Mr. Theodore R. Davis
Principal
Telstar Regional High School

Congratulations to the Class of 1992. I have gotten to know you in many different ways over the past few years. You are a very special group of people and I want to wish you well as you travel through the journey of life. There is an old saying that success is the journey and not the destination. As you receive your high school diploma on graduation night, try to remember that this is but one brief stop on your journey, and reflect for a moment on those people who have helped you along the way. You have had many memorable adventures as you traveled the halls of Telstar and you have learned many valuable lessons. Some of you will continue your education, others will join the military or get a job. Whichever road you take, I want to wish you well. Have a happy and productive life. There will be obstacles in your way, but you have the ability to overcome these problems if you use what you have learned the past four years. "Your potential is God's gift to you. How you use that potential is your gift to God." You all have the ability to help a weary traveler, to make the world a better place, to be what you want to be. You can accomplish this task in many different ways. I am glad to have known each of you and challenge you to make that difference! And to a very special graduate, I want to say, thank you Scott, you make me proud.

Carroll Higgins,
Assistant Principal and Athletic Director.

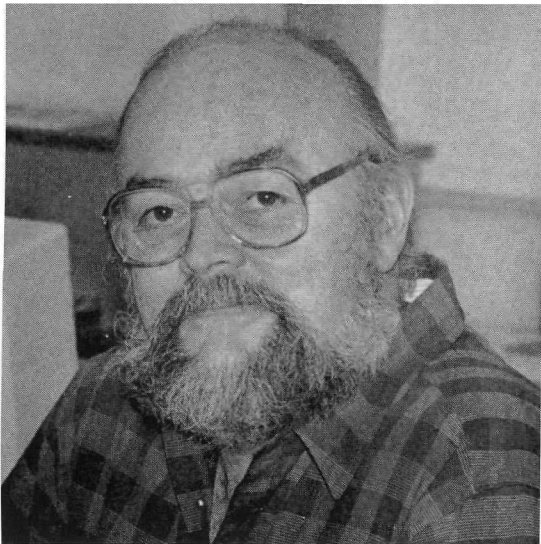

Daniel O. Hart
S.A.D. #44 Guidance Director
Telstar Regional High School
Guidance Counselor

To The Class Of 1992:

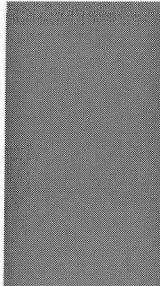

I wish to thank each of you all of the moments, activities and experience we have shared the past four years. In looking back, reflect on how you have participated as a high school student. Note how many individuals you have met: new friends, adults, employers, community members, career speakers as well as students and staff members from other high schools. More importantly, realize how much you have changed and grown — physically, mentally and spiritually. High school, in all reality, has been very beneficial to you — wait until you graduate and start that first day on the job, in the military service or at college. You will then realize. Best wishes in everything you attempt and do in the future.

A Little Help From My Friends What would you do if I sang out of tune, Would you stand up and walk out on me? Lend me your ears and I'll sing you a song, And I'll try not sing out of key. I get by with a little help from my friends. I get high with a little help from my friends. Going to try with a little help from my friends. What do I do when my love is away, Does it worry you to be alone? How do I feel by the end of the day, Are you sad because you're on your own? No, I get by with a little help from my friends. ---John Lennon and Paul McCartney

Ms. Carson;

We are sorry this is not on our dedication page but word that you are leaving came to us too late.

You have touched many of us with your caring ways. You taught us English, but also taught us that giving, caring, and being involved in the things around us are what life is all about.

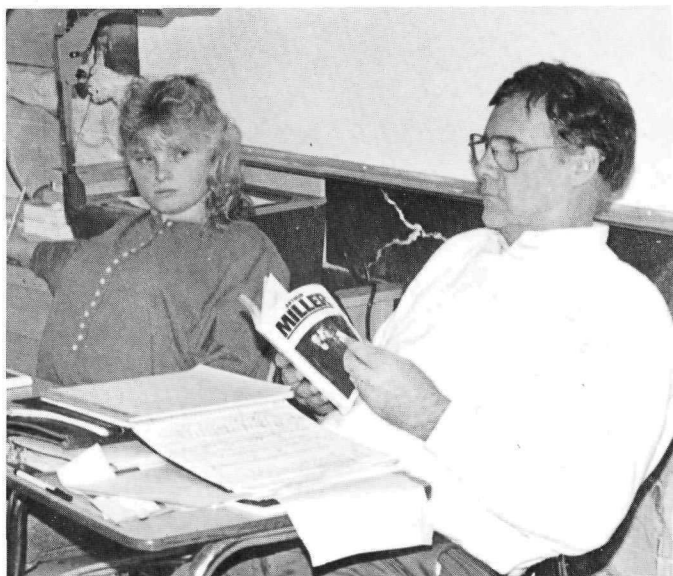

You have been a very special teacher to us, and we are sorry to see you leave.

Thank you!!!

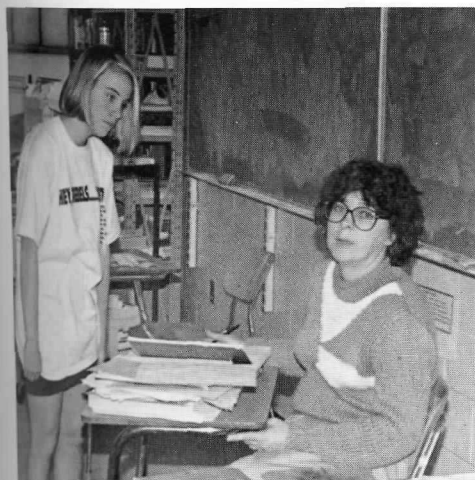

No matter how far the sun shines, still it must set.

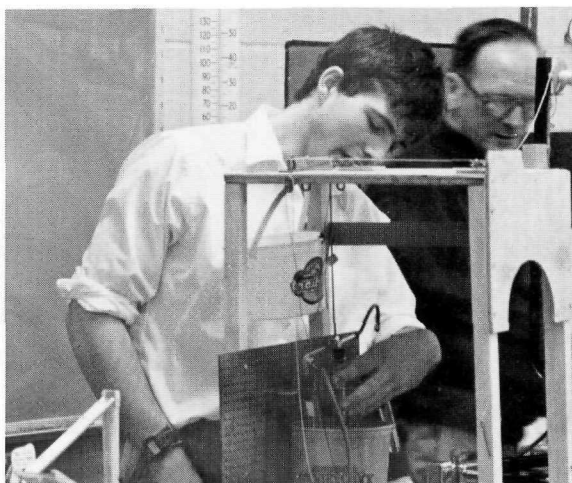

Oh No! Here he comes again!

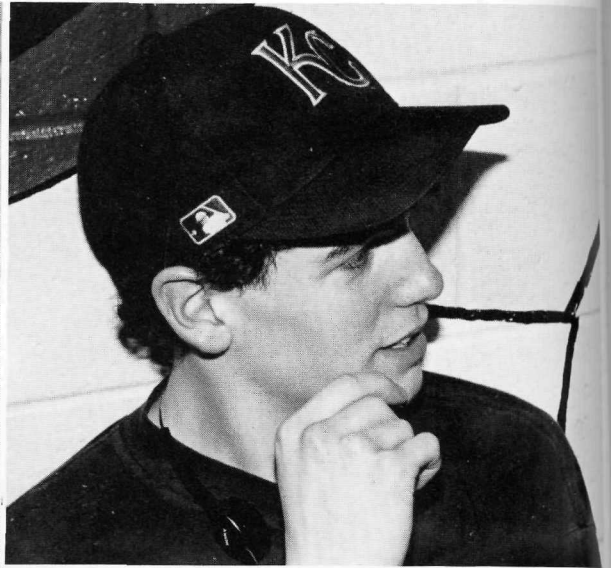

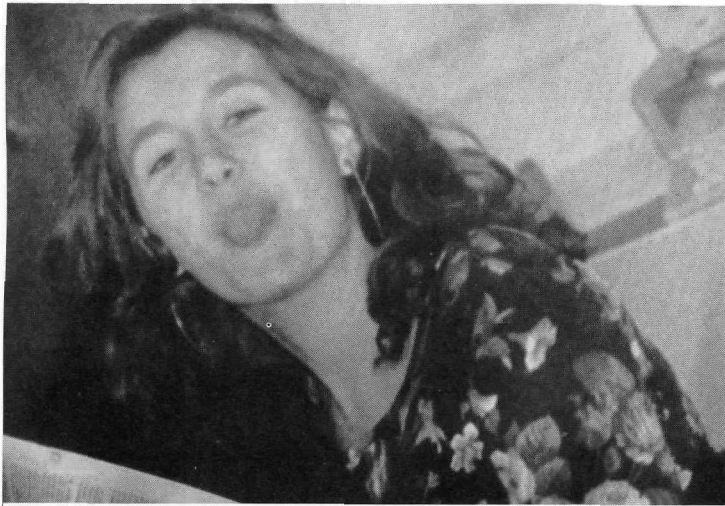

Mr. Tomrose, are you sure?

Come on now, Thats enough.

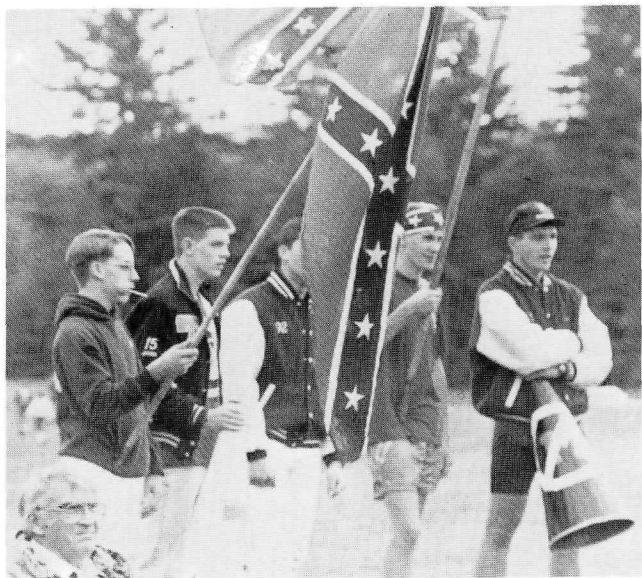

Mix one Kersey, one Burk and get a "Country Crock."

Boy, this substituting stuff is fun!!!

The 1991 varsity soccer team finished the season with a 3-7-2 record in MVC play. The story of the season was injuries as only three games were played with no more than one missing player. The team strength was persistence, despite going nine games before a win, the Rebels never gave up and were tough to beat in every game. Great leadership from captain Scott Higgins and strong defensive play from Matt O'Meara, Nate Emery, Brian Davis, Steve Remington and Nate Clukey kept the Rebels in every game. A strong nucleus of returning letter winners could make the 1992 campaign a success.

Cross-country had limited success this year due to small numbers. Both the boy's and the girls' teams placed individuals on the MVC all-Star teams; Amy Howe and Fred Burke. Amy Howe and Solai Buchanan both qualified for the state meet, where they placed fifteenth and twenty-ninth, respectively.

1991-92 Basketball

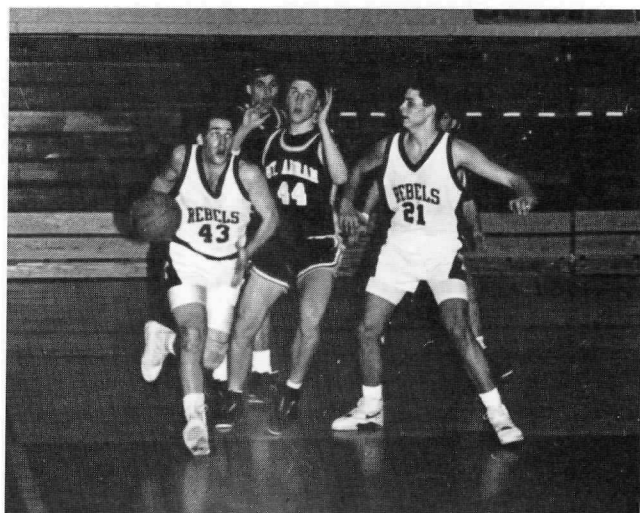

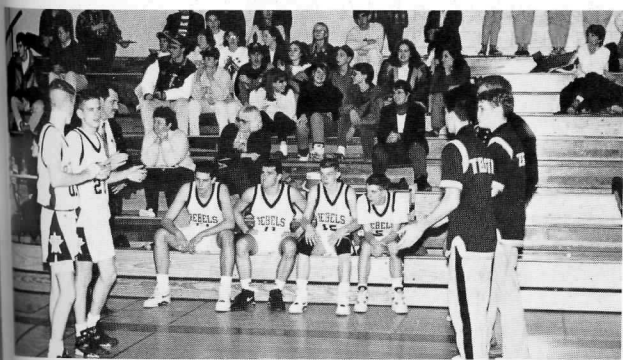

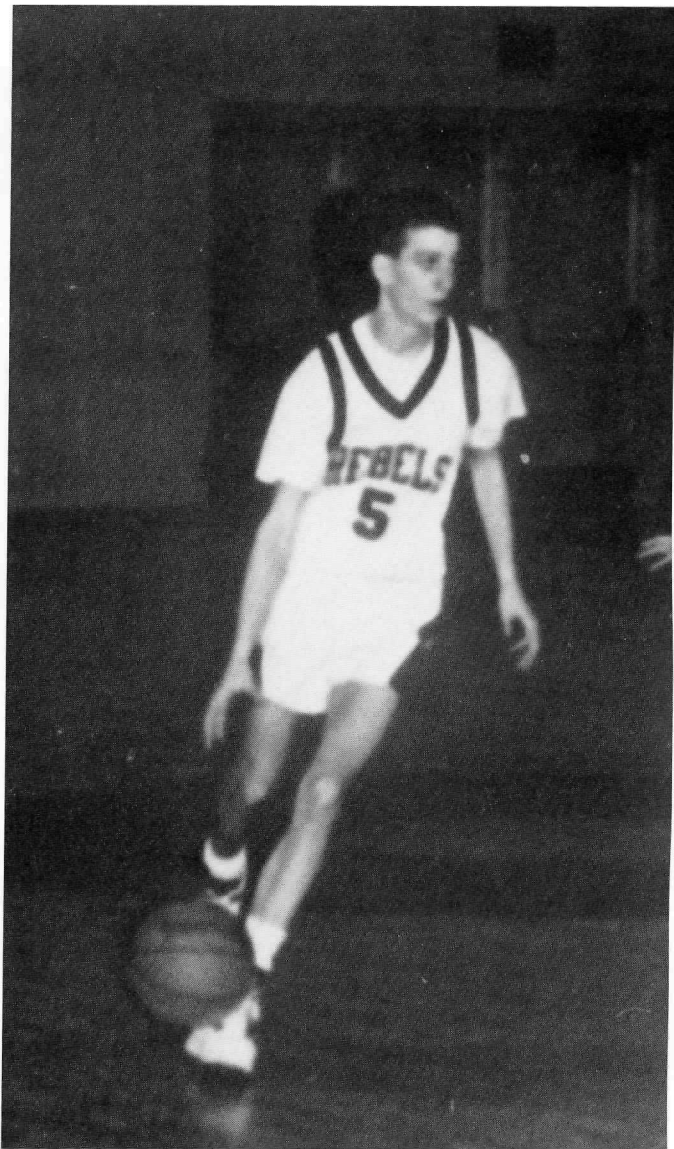

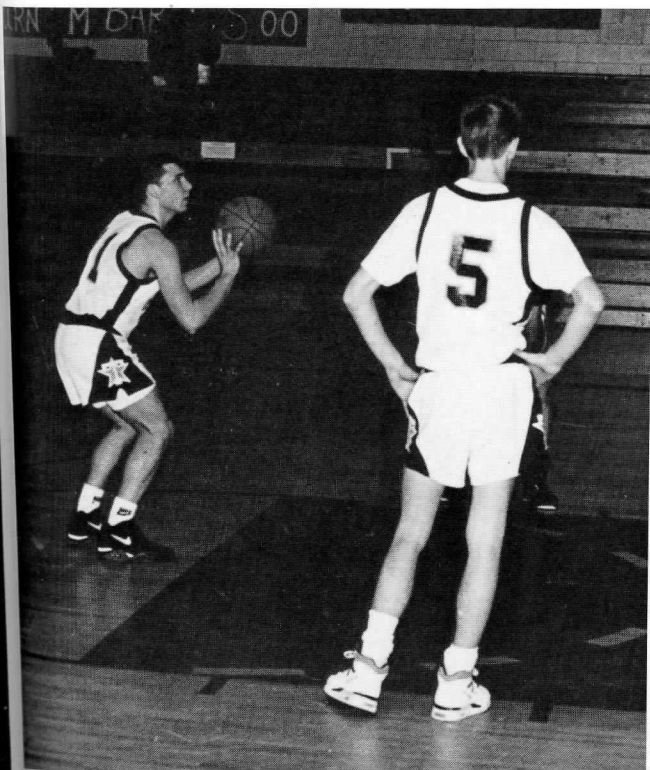

This has been a very frustrating season. The fact that this team has been willing to come back and work hard after every setback has a lot to say for its character. We had 9 boys raise money for team camp and spirits were high as we started our summer schedule even though our captain (Scott) would face Knee surgery and spend the summer recuperating.

We learned, in the fall, that one of our better players in the summer would transfer but the biggest setback of all was when our captain (Tony) and best big man broke his arm in our first pre-season scrimmage. He was lost for the season. Of the players who turned out for the varsity and the JV teams this season, we lost four to injury, four to grades, and two transferred.

To our seniors, Scott, Tony, George, Vic, and Marko, I salute you. I am proud to have been your coach. You are a special group of young men and will do well in life. "You didn't have the best win lost record, but you are the best!"

Elise Bennett, Rich Diaz, Peter Miserocchi, David Barns, Devin Benson, Keith Smith, Darren Wigley, Zach Chamberlain, Bill Chase. Captains, Chris Howe, Kevin Mullen.

The Girl's Varsity Basketball Team finished the season with a 4-12 record, improved by two wins from the previous season. The Rebels were coached by Barbara Dunham and captained by Jen Bailey and Dawn Davis. It was a fun season and many improvements were made by everyone. We had a great end to the season with a home victory over Jay High School and then a road victory over Leavitt. We are looking forward to next season, although we will miss the seniors. Good luck with everything that you do Jen and Dawn!

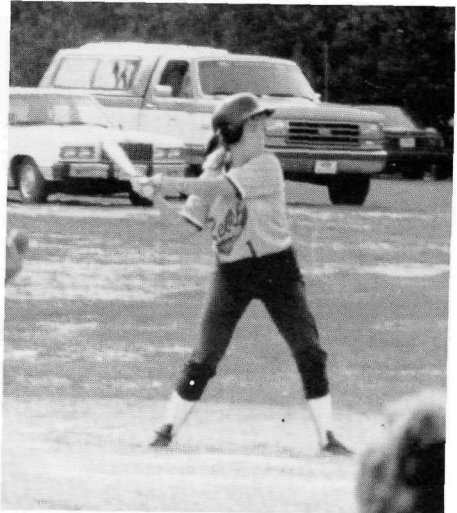

In the game of basketball a team is only as good as its worst player. The season is long and the intensity high, but commitment makes or breaks the team. Everyone's efforts count. Without numbers scrimmaging becomes impossible, team work suffers, and that winning tradition remains elusive. This season has been a battle for the girls. It's been the first year in quite some time that Telstar has been able to field both a JV and Varsity. I would particularly like to thank this year's freshman, who have really made the JV program possible. I am also glad to have worked with some of the older girls who have shown leadership and dedication. Most importantly, I wish to commend the core group of individuals who found a way to make it to nearly every practice and game. Whether we finish this season with a win or not I know you have the winning potential. Keep doing those ball handling drills. I hope to see you all this summer!

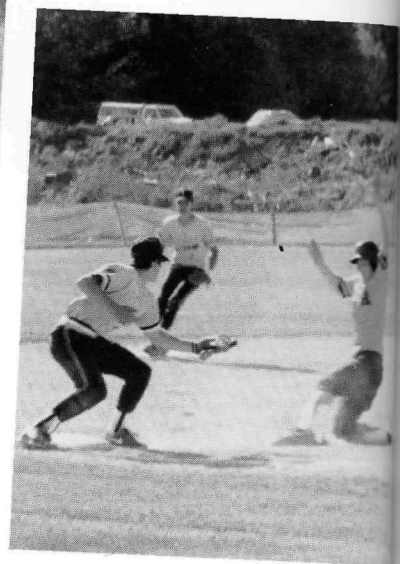

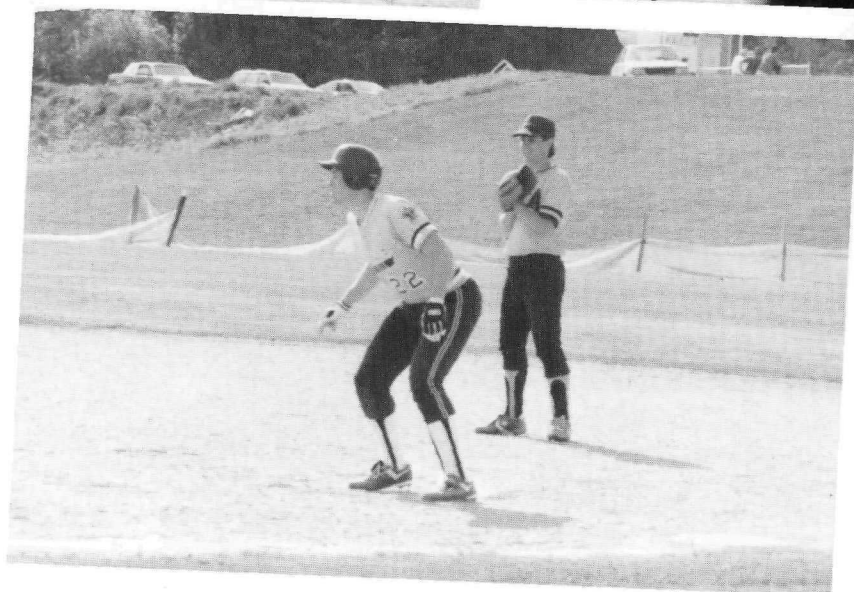

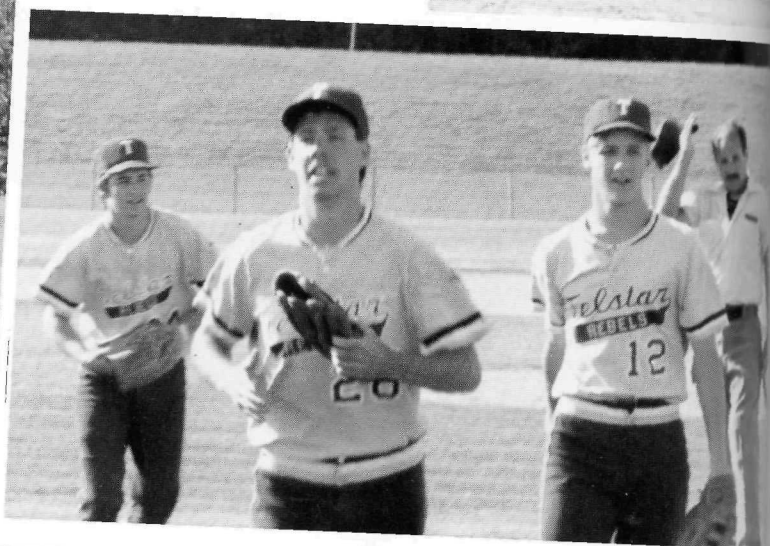

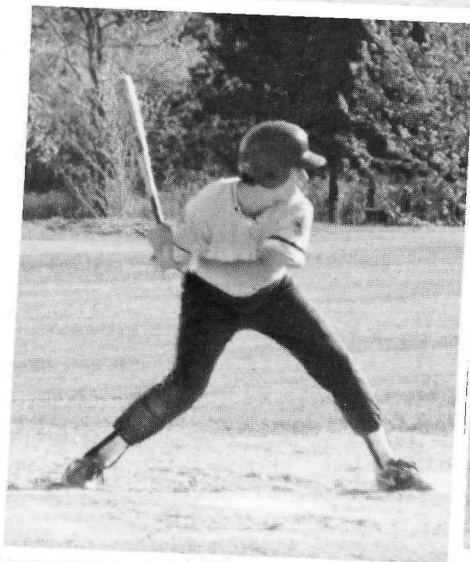

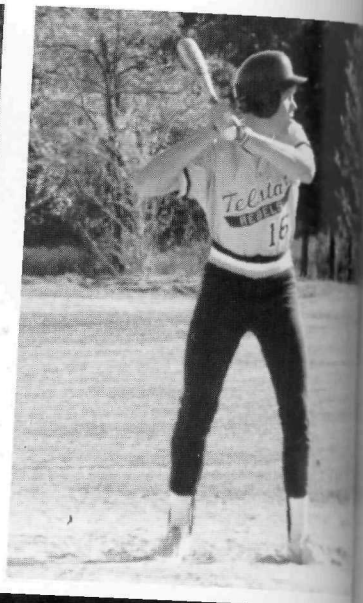

Sincerely,
Coach Higgins

PATRIOTS & SCUDS

Real heroes and real villains—the way it used to be. It is rare in any era to be able to see right from wrong so clearly, but in times like these—in which murkiness so often prevails—it is particularly remarkable to have had true stars to take out the bad guys. Yet all too soon, it seemed, the clouds returned, making it hard in some cases to recall who were the Patriots and who were the Scuds.

As the years pass us by
